Hi Amy,

Hoping to check, do you mean a draft permit for if the TMDL is withdrawn, or the last permit (if the latter, we would pull it from WWPIE), and hoping to clarify if the facility you are referring to is City of Waverly's Sewage Treatment Plant (NPDES #0990001) or if you had a different facility in mind?

Thanks,
Katie

Katie, Good morning! Is there a draft Waverly permit (related to the TMDL) that I could look at with the NPDES Team leader (Tanya Nix, cc'd)?
